MEMBERSHIP PARTICIPATION

TDC’s [S.T.E.A.M.](#) & [E.N.G.I.N.E.](#) initiatives are fueled by its members. Member participation stimulates organizational growth, retention and commitment, and facilitates a teaching/learning environment. Members identify and join those activities that resonate with them, enabling them to pursue their personal interests and constructively exhibit, develop, and share their passion, all while giving back, bringing to fruition TDC’s goals in “Transporting the Next Generation”.

Types of participation:

1. Time – organize, support or participate in programs; mentor students, young professionals or companies; support national or local chapter organizations to implement other initiatives of interest
2. Skills – provide guidance on areas of special expertise for educational and development programs
3. Resources – donate or subsidize resources, such as special tools, supplies, or equipment to **support the initiatives that interest you**

Please review [S.T.E.A.M.](#) & [E.N.G.I.N.E.](#) and select at least one area of commitment.

S.T.E.A.M.

Supporting the personal development of individual members...	
The S.T.E.A.M. initiatives are designed to support individual members by providing awareness of new job opportunities, assist in professional development and preparation for next level positioning, and provide training to meet individual professional goals in both private and public sectors of transportation, education and construction.
