

Capabilities Statement

Trusted Partner

Mitigating Risks. Maximizing Safety & Security.

Established in 2008, TSSS is a comprehensive consulting firm specializing in strategic support to ensure safe and secure projects, systems, and operating environments in the public transit, general industry, and construction sectors. We specialize in the identification of site, system, and enterprise hazards or threats, and develop tailored solutions to diminish those risks to a practical level.

Through years of specialized education and training, mixed with decades of hands-on experience throughout North America and Europe, TSSS experts deliver proven results. TSSS is proud to be a trusted strategic partner for many large A/E/C Primes/JV's on mass transit and construction projects.
